

Medicaid Transportation Claims Cost Report for IUs for the 2011-2012 School Year

INSTRUCTIONS

Use your IU's 2009-2010 Pupil Transportation Subsidy Reports to complete this cost report. Leader will use this data to calculate your transportation reimbursement rate for the 2011-2012 school year. Transportation reimbursement is limited to specially augmented vehicles, small buses and vans.

1. Complete the requested education agency and contact information.
2. In Section 1, enter your intermediate unit's total actual costs for contracted share and LEA-owned share of pupil transportation. Do not include the fare-based share. *These figures are shown on the last page of the PDE-2520, Intermediate Unit and AVTS Prorations Report.* Add these two figures and enter the sum in the Total Actual Costs field.
3. In Section 2, enter the total number of special education students transported on contracted vehicles and on LEA-owned vehicles (if you are unable to determine the numbers for each, enter the total under "Contracted Share"). *These numbers can be determined from pupil assignment data collected to complete the PDE-1049-C or O. However, no student should be counted more than once.* Add the figures and enter the sum in the Total Number of Transported Special Education Students field.
4. Fax or mail cost report to Leader Services, Attn: Transportation Coordinator (fax number and address listed below). Questions? Please call: (800) 360-8511.

EDUCATION AGENCY/CONTACT INFORMATION

Education Agency Name	Date Completed
